Falcon in Navy

Perched on the shoulder of Rear Adm. Lamont Pugh is a Korean falcon that was tamed by the Navy's surgeon general. The strange pet followed the admiral who recently toured Korean naval installations.

Priest Is Sentenced For Western Ideas

VIENNA, Austria, Aug. 31 (AP)—A Peoples court at Jihlava (Igla) in Moravia sentenced Roman Catholic Priest Josef Marsalek to 15 years hard labor, radio Prague announced tonight. Marsalek was convicted of "poisoning" Czech school children with Western ideologies and of preventing them from participation in the country's labor brigades. The sentence was returned on the evidence of school children who appeared as the only witnesses, radio Prague said. Radio Prague's news broadcast, announcing the verdict, was interrupted eight times. Western observers in Vienna have noted frequent interruptions of Czech news broadcasts in the recent weeks and are inclined to attribute these disturbances to sabotage activity.

U. S. Books Attacked By Canterbury Dean

CANTERBURY, Eng., Aug. 31 (AP)—The "Red Dean" of Canterbury charged today that Americans are making best sellers of books urging that doctors be kept out of backward countries so as to kill off the native populations. About a dozen persons walked out of Canterbury cathedral as Dean Hewlett Johnson made the charge as part of a Sunday evening sermon praising Communist China. Johnson said one of the troubles with the U. S. was that Americans read the wrong books. Right now, he said, books advocating that doctors be kept out of backward lands so that deaths from disease would decrease the population are very popular in the U. S. A survey of literary reviews in New York failed to disclose any books with such a theme either on best seller lists or in general circulation.

Opera Star Will Sing His Evidence in Court

VIENNA, Aug. 31 (AP)—Yugoslav opera singer Jovan Gligor will sing arias from "Rigoletto" before a Vienna court, as evidence in a damage suit against the Vienna State opera. The baritone's contract was canceled by the State opera when his first two performances in "Rigoletto" and "Carmen" displeased the authorities. Claiming damages of more than 100,000 schillings (\$3846), Gligor in a preliminary hearing offered to sing some of the arias before the court as evidence. The judge, a former music teacher, accepted the offer, ordering the vocal evidence to be heard at the court's next meeting.

New Commander Is Cheered

Louis Ketcham Gough and his wife wave to acknowledge cheers of the American Legion convention in Madison Square Garden, New York city, after his election as new commander of the Legion. The 44-year-old Californian, a World War II veteran, overwhelmingly defeated his only rival for the post, Walter E. Alessandrini, of Philadelphia. Gough is an inheritance tax appraiser employed by State of California. He served in the Navy with the rank of commander.

MOTHER TRAVELS—

(Continued From Page One) Mrs. Appel said she will cross the Atlantic on the S.S. Nieuw Amsterdam, a Holland-American liner, ship, which will leave Hoboken, N. J., tomorrow afternoon at 4 o'clock. "I'll be met in Rotterdam by the children and then we'll motor to Erlangen, where they live and he is stationed," she said. While in Europe, Mrs. Appel expects to visit Switzerland, spend a week in Paris, go to Belgium, and Holland and from there return home.

Driver Swerves to Avoid Truck, Hits Parked Car

The left side of the parked auto of Louis A. Iezzi Jr., 435 High street, was damaged at 4:09 p. m. Saturday when Mrs. Ebba A. Mandin, 566 North Keim street, swerved her car on Washington street near High street to avoid a collision with a truck. Mrs. Landin told Motor Patrolman Stanley Borowy the south-bound truck was approaching so fast at her she had to swerve to the right to avoid an accident. The left side of Iezzi's auto was damaged. Chrome on the right side of Mrs. Landin's car was damaged.

ROUTE 100 PLANS—

(Continued From Page One) will be worse for property owners. Keenan, Mack, Romix and Mrs. Wolf all said they would be willing to sign a petition of protest. THE RELOCATION has been under State consideration for a number of years to relieve the congestion of Routes 422 and 100 at the High and Hanover streets intersection. Adding to congestion is the Hanover street bridge, an old steel truss bridge constructed in 1884. The roadway is only 18 feet, 6 inches wide and the bridge is posted for restricted load limits. High street carries about 16,000 vehicles daily and Hanover street 12,000 vehicles. The intersection is further overtaxed by the approximately 3700 vehicles which turn west onto High street from the south. The extension to the north of Route 422 will pass just to the west of Pottsgrove manor.

Tydings Booked to Testify Against Sen. McCarthy

WASHINGTON, Aug. 31 (AP)—Former Sen. Millard Tydings of Maryland, who wants to debate his old political foe, Sen. Joseph McCarthy, of Wisconsin, was booked today to testify against him Wednesday in McCarthy's big libel-slander suit against Sen. William Benton of Connecticut. Tydings and Benton are Democrats. McCarthy is a Republican. The forum Wednesday will be a pre-trial hearing at which Tydings will give sworn testimony for use at the trial itself if he is not available to appear as a witness for Benton later.

Pinocchio Beats Red Candidate for Mayor

ROME, Aug. 31 (AP)—Pinocchio, the puppet has just helped defeat the Communist Party. The little fib-telling wooden boy did it in Pescia, his own home town. That was where a penniless newspaperman, 70 years ago, first wrote the story of the evergreen puppet. Christian Democrat Rinaldo Anzilotti, a college professor with a liking for children, ran for mayor there against strong Communist opposition. His big campaign promise was: Elect me and I'll see that Pescia gets a big monument to Pinocchio. Before the Communist opposition was able to find out the official party line on puppets, the campaign was over and Anzilotti was elected overwhelmingly.

West Germany Will Get Most of Travel Controls

BONN, Germany, Aug. 31 (AP)—The Western Allies announced today they are handing over to the West German Government, effective tomorrow, most of the travel controls they have exercised since the war. This includes giving the German Government control over a "blacklist" of approximately 12,000 Germans and other nationals to whom the Allies had forbidden travel, visas as undesirable. On the blacklist are many Germans whom the Allies forbade traveling abroad or to whom they refused entry visas if they were outside the country. One of the best known is Otto Strasser, ex-friend of Adolf Hitler, who has repeatedly tried to come back from Canada to Germany to form a new political party.

HELP ARRIVES—

(Continued From Page One) members in the past several years. Taschner added that construction of the new house will begin "as soon as he formulates his plans for the house." The class also will remove the debris of the old dwelling. The Rev. Thomas E. Anderman, pastor of the church, reported Knauer would like to have a 12 by 14-foot house. The minister and Knauer drove to Parkerford Saturday morning where a stable had been razed and received permission to use lumber from the old building. The new house will be located near the site of the fire-swept building, on the farm of D. Lindwood Reiff. Knauer slept at the Ridge firehouse Friday night, but spent Saturday and Sunday nights at the Reiff home. He will continue to live with the Reiffs until he and the Bible class have constructed his new house.

New House Is Crazy If Not Exactly Haunted

TOKYO, Aug. 31 (AP)—"Crazy, but not exactly haunted," is how Fujisaburo Takata describes his new home—a suburban mansion which stood vacant for nearly 40 years, although it was rent-free. The 32-year-old artist told the newspaper Tokyo Shimbun today his alarm clock had rung at 2:40 a. m. daily since he moved into the house the past week, although he never sets it for that time. He bought a new clock. It went "crazy" also, he said, and rang without fail at 2:40 a. m. each day. Even a watchmaker couldn't stop it. "I felt a chill in my spine the first three or four days, but I don't mind it now," Takata said resignedly.

Kidd's Treasure Finder Is Sought by Magazine

TOKYO, Aug. 31 (AP)—The Economic Review today said police were looking for the man who boasted he had found Captain Kidd's buried treasure worth 280 million dollars. Masahiro Yoshijima related two months ago that he found the treasure on an island in the Ryukyu chain south of Japan. Newspapers carried the story with maps showing the alleged location. A wealthy Japanese financed an expedition. Now he is suing Yoshijima, who has disappeared. The magazine said Yoshijima cooked up the tale after he had been evicted from a Tokyo hotel for not paying his bill. Henry Wells of Springfield, Mass., driving a Duryea Motor Wagon, collided with Evelyn Thomas, on bicycle, in New York City on May 30, 1896. It was the first reported automobile accident. Miss Thomas had a fractured leg and Wells spent the night in jail.

## 4100 Boys and Girls Start Classes Wednesday

### 800 Are Anticipated At Senior High School

It's getting closer to the zero hour for Pottstown school children.

They're busily checking their ammunition—pencils, pens, erasers, paper and notebooks—for Wednesday when they will march from their homes to begin the battle of the books by attending classes for the first day of school.

Close to 4100 boys and girls will report to classes. It is expected approximately 1100 will attend the Junior High school, about 800 will be registered at the Senior High school and the remainder, 2200, will be enrolled in the elementary schools.

The kindergartens, opened the past year, will begin their second year Wednesday.

There will be four half-day kindergartens at Franklin school, one half-day kindergarten at St. Clair and two half-day kindergartens at each of the other elementary buildings.

This year will see the largest number of children registered in the history of the borough's schools.

Dr. George A. McCormick, Superintendent of Schools, said 450 first grade children have been assigned throughout the school district.

THE INCREASE in first grade registration has made it necessary to open a new room at the Washington school to lessen crowding at the Jefferson school.

See today's editorial "The Schools Are Yours" on Page Four.

To relieve some more of the pressure on the Jefferson building, some Penn Village children who attended the school in the past year will be transported to the Rupert building where four rooms have been added.

Three new kindergarten teachers Spring City, will teach the first

It's not easy for these Pottstown boys and girls to trudge up the steps to school after the fun and easy living of the long Summer months, but they know all good things must come to an end. Anyhow, they know school programs these days can include a lot of enjoyable times.

### Royersford Principal Expects District Enrolment to Hit 782

The expected enrolment at Royersford schools is 782 pupils, according to Dr. Oliver C. Kuntzman, supervising principal.

Dr. Kuntzman said this figure is broken down into 453 in the kindergarten and elementary grades and 329 in the High school.

Wednesday will be the opening day for schools in the district.

Tomorrow, members of the Safety patrol will receive badges, belts and instructions from Mrs. Jacob Wonderlich in the Adams building.

THE PATROL will be stationed at every intersection on Fourth avenue from Spring street to Main street. The patrols advise pupils who walk to school to head straight green on one side, where the sun-for Fourth avenue so that they may light casts its full light, and ivory signals at the intersections on where the lighter colors tend to reflect the light better.

Dr. Kuntzman reported examinations for new entrants, pupils who desire credit for subjects tutored during the Summer and those who attend Summer schools and desire credit for courses completed, will be held in the High school library at 10 o'clock Wednesday morning.

Like many of the other Pottstown area schools, the Royersford schools have undergone improvements during the Summer months. The boys of the school will find a new locker room and shower room.

The system of painting rooms different shades to cut down the glare of light and to utilize it where it is necessary was begun on a large scale in the nation's schools during the past few years.

Several classrooms were outfitted with entirely new furniture and the faculty room in the High school building was furnished with a new sofa, chairs and tables.

There were four changes in the High school faculty. They were:

Margaret Bourdette, Athens, who will replace Virginia McKenny as a commercial teacher. She is a graduate of Bloomsburg State Teachers college.

MRS. LILLIAN HOFFORD, Pottstown, will join the faculty as a home economics teacher, replacing Anna Gross. Mrs. Hofford taught at

EASTCO SCHOOL GETS RENOVATED

Cinder-Covered Play Area Is Macadamized; Blackboards Are Green

The pupils of East Coventry school will find some changes have been made while they were enjoying their Summer vacations. When they return to classes Wednesday they will find that the dirt and cinder play area has been completely macadamized. The play area is about 40 by 50 feet. Another surprise which will greet the boys and girls is the color of the school's blackboards. According to Frank Elliott, president of the school board, the old finish has been sanded off the boards and they have been repainted green. Elliott said that green blackboards have come into prominent usage during the past few years. The shade of green is very light and is designed to ease eye strain. White or yellow chalk shows up on the board very nicely, Elliott explained.

THE CHILDREN will also find three new teachers at the school. Mrs. Marian Schollon, Bunkertown, will teach the First grade. She is a former East Coventry resident who taught in the township's schools many years ago. She most recently taught in Bunkertown schools. Mrs. Ruth James, will instruct Second grade pupils. She has been teaching in Charlestown township, Chester county, for the past six years. The third addition to the teaching staff is Mrs. Irene Mayberry who has been assigned to the Fifth grade. She has been a substitute teacher in East Coventry schools for several years. Classes on Wednesday will be half-sessions. Full sessions will follow Thursday.

NEW SYNAGOG FINISHED BERLIN, Aug. 31 (AP)—The first new synagogue in the Soviet zone was consecrated by Rabbi Riesenberger today in Erfurt, the Soviet licensed news agency ADN reported. The new synagogue was erected where the old synagogue was destroyed on Nov. 9, 1938, by the Nazis.

\$200,000 School Addition Finished at Collegeville-Trappe

A \$200,000 addition to the Collegeville-Trappe Joint High school is expected to be ready for use when school opens in that district Friday, Howard B. Keyser, supervising principal, reported. The top floor of the two-story addition will be made up of a large art and music room and a health suite. On the bottom floor there will be a cafeteria, a kitchen and a small teachers' dining room. Keyser said the principal thing holding up completion is the filling of orders for furniture and equipment to be used in the addition. Some of the items the school will need before it can put the addition into use are two gas ranges, a serving table, 165 classroom chairs and five teachers' desks.

THE FIRST day of school Friday will be a half-session, full sessions will follow Monday.

Only two faculty changes were made in the school district. In the elementary school, Louise Casiano, Drexel Hill, replaces Mary Lou Damron as Fourth grade teacher. She was graduated from West Chester State Teachers college the past June.

In the high school, Edwardine Tyson, Phoenixville, will take the place of Glen George in the English department. Miss Tyson has had 26 years teaching experience—22 years in Phoenixville schools and the past four years in elementary schools in southern Maryland.

District Schools Of Birdsboro Note 4 Changes

Four changes were made in the Birdsboro school district faculty, according to Dr. Cora Handwork, supervising principal. At the Lincoln building, Mrs. Sylvia Dilliplane comes to the school as a First grade teacher. She is a graduate of Kutztown State Teachers college and received her master's degree in elementary education at Columbia university, New York city. Mrs. Blanche Pix has been assigned to teach the Third and Fourth grades at the Lincoln building. She is a graduate of Kutztown State Teachers college and taught at Birdsboro schools for eight years before her marriage 12 years ago. At the Washington building, Mrs. Irene Montgomery will teach the Fifth and Sixth grades in the new school year. She has been teaching at schools in Churchtown township, Lancaster county, for the past few years.

A NEW addition to the mathematics and science department at the Junior High school is Mrs. Beatrice Smale. A graduate of Millersville State Teachers college, Mrs. Smale taught in Berks county schools for two years.

Schools will begin in Birdsboro with a half session tomorrow morning. Full sessions will follow.

EAST VINCENT OPENING NEARS

School Board President Says Bertolet School Will Open Again

The Bertolet school in East Vincent township school district will be opened for the 1952-53 school year for the first time in 10 years Wednesday to satisfy the increasing enrolment in the district. This announcement was made by R. Franklin Mowrer, president of the school board. Mowrer said the school board were too crowded for comfort the past year.

The opening of the Bertolet school has caused a shifting in the faculty.

At the Salem school, Mrs. Flora Williams has been assigned to teach the First grade and Mrs. Margaret R. Reumer the Second grade.

AT THE STONY Run school, Mrs. Mary Youngblood will be the Fifth grade teacher.

The Seventh and Eighth grades at the Locust Grove school will be in charge of Mrs. Emma S. Bauer. The Fourth grade at the Mt. Pleasant school will be taught by Mrs. Ella M. S. Rogers.

# More Children Enter Area Schools Each Fall; Space Problem Raised

## Some Difficulties Faced Spring City High School Pupils to Find Locally as Over Nation

"Cheaper by the Dozen" is a slogan which might apply to the children entering the classroom each fall. But it's becoming a brain twister for Pottstown area schools who don't know what to do with the increased number of children entering the classroom each fall. Pottstown, Boyertown, Lower Pottsgrove, West Pottsgrove and North Coventry are experiencing classroom space problems. They face the same problems which are complained of by schools throughout the nation.

Records show that in 1951-52 the enrollment in Pottstown was 1,212. This year non-resident pupils number 680. A RECORD first grade enrollment of 90 has required the establishment of a third first grade in Boyertown this year. A previous high of 90 was recorded in 1932-33. A second kindergarten was established in 1946-47.

The number of teachers at Boyertown has increased from 12 in 1921-22 to an anticipated 40 in 1952-53.

The first year at West Pottsgrove which represented grades one through twelve in 1947-1948. It also was the first year in which the school district had complete records.

Fire destroyed the former grade and Junior High school building. It was replaced with the present grade school structure on Grasswood road, Stowe. The present building houses all grades.

A record of 568 pupils will attend grades one through twelve at West Pottsgrove this year. This figure includes 48 pupils from five grades of St. Gabriel's parochial school.

SIXTY-FOUR first graders, a record at West Pottsgrove, will enter school this year.

Five hundred and forty-three pupils were enrolled in West Pottsgrove this past school term and 506 attended township schools in 1950-51.

In 1943-44 an even 500 attended classes in West Pottsgrove. The low attendance figure was recorded in 1947-48 when 440 pupils were on the rolls.

Since that low figure, attendance has increased steadily in West Pottsgrove. Supervising Principal James T. Jones reported records are incomplete before 1943-44 because of the fire.

Showing the largest increase in enrollment is Lower Pottsgrove township which has nearly tripled attendance rolls since 1935-36.

IN 1935-36 an enrollment of 250 was recorded at the school. An estimated 670 will attend classes this fall. In September, 1935, a first grade of 30 pupils entered Lower Pottsgrove school.

This fall, 105 first graders will begin school. This figure does not include 15 to 20 parochial pupils who will attend classes at St. Vincent's.

A record 120 pupils have been added to special classes.

A real face-lifting has been going on in the Spring City schools. One of the first changes high school pupils will notice when they return to classes Wednesday is that the former coal town has been painted a brilliant aluminum. Another improvement is a new macadam surface on the school's driveway and parking lot.

Improvements will not stop there. Inside the building the pupils will see school rooms painted different shades—darker shades where the sun casts the most light and pale shades to reflect more light in places not in the sunlight for the most part of the day.

The library has been given a new coat of paint.

THE TEACHERS will note some changes made for them too. A teachers' room has been built from a large storage room on the first floor.

Jean Frederick will join the English department. A graduate of Spring City High school, she received her bachelor's degree at Ursinus college, Collegeville. She taught for the past two years at Mohnton schools, near Reading.

Norman Reichenbach will teach social studies and will be assistant football coach and head basketball coach. He is a graduate of Lock Haven State Teachers college where he played four years of basketball and football. He taught for the past year at Houdydale.

Alvina and St. Peter's parochial schools, Pottstown.

Lower Pottsgrove is the only area school which did not experience an attendance slump since 1946.

Supervising Principal LeRoy R. Brendlinger attributes the sharp increase in attendance to the rapid residential growth of Lower Pottsgrove directly before and after World War II. He predicted a leveling off of school attendance at the 1952-53 figure.

North Coventry school district will show its greatest enrollment of the past 15 years in 1952-53.

APPROXIMATELY 680 pupils will be present for the beginning of classes. Highest previous attendance were in 1938-39 and 1939-40 when respective 632 and 655 marks were recorded.

From then on in the middle '40s, attendance slumped to a low of 474 in 1948-49.

Supervising Principal Paul H. Grim said enrollment in the next few years will increase sharply.

### One Faculty Change Made in Schools of Douglass Township

One change has been made in the faculty of Douglass township's (Berks County) Colebrookdale school. It was announced by Baker T. Grech, board secretary. Another change is incomplete.

Richard E. Pence, a graduate of Kutztown State Teachers college, will teach the Seventh and Eighth grades.

Mrs. Esther H. Stauffer, Seventh and Eighth grades teacher, was to be transferred to the Third and Fourth grade rooms, which Mrs. Ditscher had taught, but only the past Thursday, Mrs. Stauffer announced her resignation. No replacement for her has been announced.

Tomorrow is the first day of school. Half-sessions will be held.

ON THE teaching staff of the Colebrookdale school in addition to Pence is Mrs. Evelyn Reitauer, Fifth and Sixth grades, and Mrs. Mary Tretheway, First and Second grades.

At the Pine Forge school are Mrs. H. Meyer, Seventh and Eighth grades, Mrs. Mary Savage, Fifth and Sixth grades, Amy Deuzler, Third and Fourth grades, and Mrs. Edna Guhl, First and Second grades.

The music supervisor for both schools is Edna Marie Adams. Mary Stech remains school nurse.

### BECHTELSTVILLE SCHOOL OPENING TO BE DELAYED

Extensive Renovations Not Complete; Changes Include Redecorating

The opening of Bechtelsville public school will be delayed until Monday because extensive renovations are not complete.

The school, a part of the recent community plan formed with Washington and Bally schools, was scheduled to open tomorrow.

The Washington and Bally schools, however, will begin the 1952-53 school year tomorrow with a half session. Full sessions will begin at both schools Wednesday.

Changes at the Bechtelsville school building include a rebuilt brick parapet, an entire new roof, redecoration of school rooms and resurfacing and refinishing of the floors of the building.

Fifty new desks were purchased for the Third and Fourth grades at the building.

### West Nantmeal Will Hold Half Sessions First Week

The West Nantmeal school district will hold half sessions Wednesday and for the remainder of the week to start the 1952-53 school year. Clarence M. Miller, board secretary, announced.

Ninety pupils are expected to register at the schools. Eighty-one boys and girls attend the Sixth grade will attend Warwick schools.

The faculty which taught the past year will teach at West Nantmeal schools.

Mrs. Elizabeth Moore is the teacher of the Third and Fourth grades; Mary Turner is First and Second grade teacher, and Alice Souden will teach the Fifth and Sixth grades.

# Pennsburg Sets Late Opening For Classes

The Pennsburg schools will open later than most schools in the Pottstown area. William C. Moser, supervising principal, announced.

The schools will begin sessions Sept. 15 in order not to conflict with the East Greenville and Red Hill schools' calendars. Both those schools are opening Sept. 15.

Attendance at the schools suffered over the past few years when they opened during the week of the fair.

Faculty changes for the new school year include: Samuel R. Clark, Philadelphia, who will join the Latin and English departments in place of Jeanne Tully. He is a graduate of West Chester State Teachers college and taught in Upper Merion township schools and at Media High school.

IN THE MUSIC department, Louis F. Sloan, Lansdale, replaces Miss Tully. He is a graduate of West Chester State Teachers college and he has had several years experience teaching in Lansdale, Upper Dublin and Hatfield schools.

Shirley Kulp, Lansdale, will teach art in place of Virginia Falini. She is a graduate of Kutztown State Teachers college and taught at Cresona schools during the past year.

Miss Falini, who also taught in the home economics department, will be replaced by Mrs. Sarah Bergey, Lansdale. Mrs. Bergey has taught for many years at Ambler, Shippack and Carlisle schools.

Two new elementary school teachers are Arling Fox, Bechtelsville, who has been assigned to teach the Sixth grade, and Patricia Vollmer, who will teach the first grade class.

# 3 Students Attempt Prank on McCarthy

WASHINGTON, Aug. 31 (AP)—Sen. McCarthy (R-Wis.) said today three college students "sweated enough" under police questioning, and so he won't prosecute them on charges of trying to break into his office yesterday.

The Washington Police department identified the three as Arnold Rubin and Donald Aronson, 18-year-old Harvard university students, both of Newton Center, Mass., and Robert I. Hammerman, 24, a Baltimore, Md., student at Dartmouth college.

McCarthy turned them over to the police himself, declaring that he had caught them trying to break in to his office in the Senate office building.

He said later he would accept their explanation that they intended only "a college prank." McCarthy said the three students told detectives they were "only trying to take my nameplate off the door."

# 8 Die, 37 Are Hurt In Arsenal Fire, Blast

ATHENS, Greece, Aug. 31 (AP)—Eight persons perished and 37 were hurt early today in a fire and explosion at the Naval arsenal at Salamis. A general staff communique said the blast occurred just as the fire was about to be brought under control. A Naval lieutenant was among the dead.

The announcement said the explosion occurred in a small storehouse near the exit where quantities of dynamite and the arms and munitions of the arsenal guard were stored. An investigation is under way to check the possibility of sabotage. Salamis is near Piraeus, the port of Athens.

# East Greenville Classes Delayed By Local Fair

A community fair which is being held at East Greenville this week had originally postponed the opening date of school until Monday, but the formation of the Upper Merion Joint High school board has delayed the opening even further—classes will begin Sept. 15, Kurtz added that schools in Red Hill, where he is also supervising principal, will open the same time as East Greenville's.

The supervising principal said in past years when the fair was held the same time as the opening week of school there was too much conflict.

Three vacancies in the High school faculty at East Greenville were filled, Kurtz said.

FAY KULP, who has had previous teaching experience at Steelton High school near Harrisburg, will teach physical education for girls.

Mrs. Mary Louise Weaver has been assigned to the home economics department. She is a graduate of Cedar Crest college, Allentown.

John Rick will fill in for Warren Sterling in teaching commercial subjects while Sterling is on a military leave of absence.

# Limerick Enrolment Highest Since Opening

The new Limerick school will begin its third year of operation Wednesday with another increase in enrolment, according to Howard A. Michener, supervising principal.

An enrolment of 418 boys and girls from the First to the Sixth grade is the highest since the school was started. There were 402 children registered at the school in the past year and 367 in the first year of operation.

Pupils in the Seventh grade and above attend four high schools in the Pottstown area. Pottstown Junior and Senior High schools accommodate 186 pupils; Roversford, 68; Schwenksville, 12; and Collegeville - Trappe joint schools, 4.

MICHENER SAID that the enrolment of 83 pupils in the First grade also is a record high and an indication that the school population will increase to even greater proportions in the future.

Wednesday, Thursday and Friday the children will attend half-session classes. Monday the school will begin full-time operation.

With the beginning of full sessions, the school's hot lunch program, begun the past October, will begin to operate.

Michener reported the Home and School League requested the initiation of the non-profit lunch program the past year and that its initiation and operation proved to be a success worth carrying on at the school.

GERTRUDE BUCHHOLTZ

THE SUPERVISING principal said that playground equipment erected on the school's grounds during the Summer will remain standing when school begins. He said the children will be able to use the equipment until cold weather sets in when it will be stored.

A new parking lot being constructed at the school should be finished during the coming term, Michener reported. It will be large enough to accommodate many cars when parents come to the school for special occasions, he said.

Two new teachers were added to the faculty.

ELEANOR WUCHTER, Kutztown, will replace Mrs. Alma Eshelman Cook as teacher of the Second grade. She is a graduate of Kutztown State Teachers college and this is her first teaching post.

Mrs. Estella Lynd, Schwenksville RD, will teach the Third grade class in place of Margaret A. Dushman. Mrs. Lloyd has been doing substitute teaching at Limerick for the past two years.

She is a graduate of West Chester State Normal school.

## Fagleyville Pupils Return Wednesday

Pupils of Fagleyville Independent school district will return Wednesday to both Gilbertsville and Boyertown schools for a half-day session.

The district sends its pupils in the first six grades to Gilbertsville, and those of the upper six grades to Boyertown. Fagleyville does not have its own school or teachers.

The school bus for Fagleyville Independent pupils will leave its starting point, Grubb's dam, at 8 a.m. this year instead of at 7:25 a.m., as was the case the past year, it was announced by Eugene Seasholtz, board secretary.

SOVIETS NOTE OUTPUT MOSCOW, Aug. 31 (AP)—The Soviet government boasted today its 1952 coal production already has topped 300 million metric tons—8 per cent ahead of the past year's record.

## Audubon School Gets New Principal; Staff Replacements Made

The Audubon school in the Lower Providence school district will have a new principal for the new school year, William R. Hummer, supervising principal, announced.

Hummer said William J. Bentz will succeed James Sandilos. Bentz was formerly principal of Spring Garden school, York county.

The district will begin its classes Monday. A half-session will be held on the opening and second day before the school begins its full time schedule.

Four changes were made in the teaching staff at the Lower Providence schools.

MRS. EULA BUCKWALTER will replace Mrs. Roberta Eckardt as Third grade teacher. Mrs. Buckwalter comes to the school from elementary schools in Massachusetts, where she taught for three years.

She is a graduate of Fitchburg State Teachers college, Fitchburg, Mass.

Mrs. Gwendolyn Linderman will take the place of Mrs. Kathryn Place as teacher of the Second grade. Mrs. Linderman has been a substitute teacher in Norristown schools for the past five years.

Beatrice Clark has been added to the faculty as a Fourth grade teacher.

MRS RUTH ANSELM has been transferred from Fourth grade teacher at the Boyer school to First grade teacher at the Audubon school. Replacing Mrs. Anselm will be Mrs. Jean O'Neill.

Mrs. Doris Knause Miller, 244 North Rohland street, has been appointed music supervisor of the schools, replacing Thomas Roberts. She was graduated from West Chester State Teachers college the past June.

ORDERS WILL FILL CLEVELAND, Aug. 31 (AP)—The steel industry will catch up on delayed orders by the end of September, the magazine Steel predicted today.

## Sanatoga Names Date for Classes

The Lower Pottsgrove school expects its enrolment to advance by at least 100 children to total more than 700 for the coming school year beginning Wednesday. LeRoy R. Brendlinger, supervising principal, said.

Brendlinger said his pupils will follow the same schedule as the Pottstown schools.

The supervising principal reported it has always been advisable to follow the Pottstown schedule because pupils above the Sixth grade in the Lower Pottsgrove district attend Junior High and Senior High schools in Pottstown.

There are three newcomers to the school's faculty, he announced. Gertrude Buchholtz, Pottstown RD 4, will teach the Fourth grade. John Malenke, 135 High St., will teach the Fourth grade and Mrs. Ruth Henry, Roversford, will be a Third grade teacher.

Miss Buchholtz barely will be able to make the teaching assignment because her home was quarantined against infantile paralysis, age of ten pupils each year for the past five years, he added.

Her sister, Wilma Buchholtz, was stricken Aug. 16 and removed to a Norristown hospital. The quarantine ended the past Saturday.

## TEACHER QUILTS AFTER 31 YEARS

### Mrs. Meck Retires Post At Upper Frederick; Is Succeeded by Daughter

Mrs. Ione Meck, who has taught at Upper Frederick township schools for 31 years, has retired and will be replaced by her daughter, Mrs. Mildred Meng, as teacher of the First and Second grades.

Mrs. Meng has substituted at the district's schools for the past two years. Her permanent post will be at the Mock school.

At the Mock school, Mrs. Esther Stauffer, who resigned at the Colebrookdale school in Douglass township, Berks county, the past Thursday, after teaching there for nine years, will teach the Third and Fourth grades.

Mrs. Flora Kuhn, teacher of the Fifth and Sixth grades at the Church school for the past four years, will continue in that post.

THE UPPER Frederick school will begin the new term with full sessions Monday.

The school population has grown slightly since the past year. Mrs. Thelma M. Schmoeck, non-member of the board, reported. She said the elementary school enrolment this year is 110 compared with 90 the past year.

Pupils above the Sixth grade in Upper Frederick attend schools in East Greenville. There will be 57 boys and girls attending schools there this year—five more than the past school year.

## Increase of 10 Pupils Noted by Secretary

Colebrookdale township schools have increased enrolment by ten pupils to bring total registration to 335 boys and girls, Robert R. Wren, board secretary, reported.

The schools have gained an average of ten pupils each year for the past five years, he added.

Schools will open tomorrow for a half session. Full sessions will begin the next day.

## Classes to Begin At Boyertown On Wednesday

Two new positions were created on the Boyertown High school faculty to take care of the rising school population in Boyertown, George B. Swinehart, supervising principal of the district, announced.

Filling the newly-created posts are E. Alan Gerner and Gerald H. Weller who will supplement the teaching staff of the social studies and English departments.

Gerner taught for the past year at Sinking Spring High school. He is a graduate of Kutztown State Teachers college.

Weller is also a graduate of Kutztown State Teachers college. He attended Boyertown High school and was graduated in 1942.

Swinehart said the school also will welcome back Edward C. Stewart, who is returning to the faculty after a year's military leave of absence.

Other changes in the faculty are the following: Winifred E. Williams will take the place of Shirley Wismer in the commercial subjects department and Kenneth R. Widdall will substitute for Russell M. Wisser in the English department. Wisser is on sick leave.

Miss Williams is a graduate of Temple university, Philadelphia. She taught typing in Wilmington, Del., public schools during the past year.

Widdall taught at Medal the past year. He received his teaching degree at Bucknell university, Lewisburg.

The Boyertown schools will begin full-time classes Wednesday. About at a meeting in the consolidated 950 pupils are expected to register school in charge of W. G. Edwards, in the district, Swinehart estimated.

## Douglass Township School District Drops 7th, 8th Grades, Causes Staff Shuffle

The discontinuance of the Seventh and Eighth grades at the Douglass township school district, Montgomery county, has caused a shifting of the faculty. The entire faculty was retained, however.

Seventh and Eighth grade pupils will attend Boyertown High school in the new school year.

At the Congo school, Mrs. Marie Z. Smith, principal and Seventh and Eighth grade teacher, will teach the Sixth grade this year.

Lottie H. Schlegel, who taught the Fifth and Sixth grades, will teach the Fifth grade only.

AT THE GILBERTSVILLE school, C. Khervin Ziegler, principal and Seventh and Eighth grades, will teach the Sixth grade.

Mrs. Amy R. Trout, who taught the Sixth grade, has been assigned to the Fourth grade.

Dorothy E. Renninger, formerly Third and Fourth grade teacher, will instruct the Third grade only.

Cora E. Davidheiser, who has been teaching the First and Second grades, will teach the First grade only in the coming year.

Wednesday the reorganized schools will open for a half-day, and the next day they will begin a full-time schedule.

## Two Teachers Hired at Oaks

Two new teachers for the Oaks school have been hired by Upper Providence township school directors.

The township schools—Oaks, Mont Clare and the consolidated school near Trappe—will open tomorrow for a half-day session, it was announced by Harold Benfield, board secretary.

The new Third and Fourth grades teacher for Oaks will be Margaret Allison, Philadelphia. She succeeds Mrs. Mary Ayres, Collegeville, who resigned to devote herself to home duties.

Henry W. Ferguson, Abington, will be the new Seventh and Eighth grades teacher. He succeeds John McWilliams, Spring City, who has accepted a position at Roversford High school.

The new teachers were interviewed and hired Wednesday night at a meeting in the consolidated 950 pupils are expected to register school in charge of W. G. Edwards, in the district, Swinehart estimated.

# Football Bleachers Are Built on Field At Norco Schools

Pupils returning to North Coventry schools Wednesday for a half-session will find many changes. The school has been made since they left an advisor to the Senior class, and the school the past June for their Summer vacations.

Recher stands in seat 600 persons were built on the football field at the rear of the school building. The year-old field has borrowed stands the past year. Each year more stands will be added, according to Paul H. Grim supervising principal.

In the Commercial department, the returning vacationers will see nine shiny typewriters to take the place of the old ones which were in use for as long as 25 years.

Two classrooms have been completely outfitted with new furniture — 70 metal, armed chairs desks to equip the rooms.

THE HOME Economics department will be proud of the new electric range and refrigerator which has been added this year.

Another convenience added for the pupils is the recent installation of 50 lockers to be used for the pupils' wardrobes.

The outside of the school was not forgotten. It was given a coat of ivory paint.

The first day of school, Wednesday. Grades one to six and ten to twelve will attend half-sessions. Thursday Grades one to six and seven to nine will attend half-sessions.

Friday, all grades will attend classes for half sessions and on the following Monday fulltime classes will begin.

## Union Township Gets Principal

The Union township school will have a new principal and seventh grade teacher in the 1952-53 school year.

Charles Rabuck will replace Alice Haas in both capacities.

Rabuck was a teacher at the Bethany orphanage, Womelsdorf, Berks county, for the past three years.

The only other change in the faculty is the replacement of Mrs. Virginia Schmehl by Paul Hoster as teacher of the Sixth grade.

Hoster was graduated from Albright college, Reading, the past year.

William F. Richards, secretary of the school board, reported school will begin Wednesday. The first day and the following two days of school will be half sessions.

The school will continue to operate its own bus system in the coming school year. The school district owns four buses—three are used in normal transportation and one is kept as a spare.

## East Pikeland Earl District School Hires New Teacher

Almost half the pupils in the Earl district attend school in Royertown, Harvey R. Minninger, secretary of the school board, reported. For that reason the Earl school will follow the Royertown calendar and begin sessions Wednesday before starting full-time studies Monday.

The Earl schools have teaching facilities for the First to the Sixth grades. The upper grades attend schools in Royertown.

Minninger said out of a total of 331 pupils in Earl township, 130 attended schools in Royertown.

Mrs. Mary Piel, Birdsboro RD 2, has been engaged by the district to teach the First to the Sixth grades for the coming school year, Minninger reported.

She has taught for the past 13 years at the Washington township school.

Robert E. Harper Reading, is another addition to the faculty. He recently was discharged from the Navy after seven years service.

A graduate of Albright college, Reading, Harper entered the service before he obtained a teaching position. This is his first teaching post.

## Upper Hanover Enrols 160

The Upper Hanover school district held renovations to a minimum during the Summer because of the jointure of the long-talked-of Upper Perkiomen Joint School board, according to Fred C. Eschbach, board secretary.

The seven district formed a joint board with East Greenville, Red Hill, Pennsburg, Green Lane, Marlborough, Summerville Independent and Upper Hanover.

The 160 pupils enrolled at the Upper Hanover schools will begin full session classes Sept. 15. There are 150 boys and girls attending classes.

East Greenville and Pennsburg schools for classes above the Sixth grade.

The faculty of the school district remains unchanged from the past year.

## Half-Session Classes Will Begin Year in West Vincent District

Half session classes Wednesday will begin the 1952-53 school year in West Vincent township school district. Full time classroom routine will follow the next day.

The same faculty will be maintained by the schools in the district.

Mrs. Ruth Finkhiner, Nantmeal Village, will teach the Seventh and Eighth grades at St. Andrew's school.

Grace Gordon, Lionville, is the teacher of the Fifth and Sixth grade classes at Chestnut Grove school.

At Birchrunville school, Irman Kachel, Chester Springs, will remain as teacher of the First, Second and Third grades, and Mrs. Jean Malm, Phoenixville, will teach the Third and Fourth grades.

### TRY AND STOP ME

By BENNETT CERF

THREE lads fell to boasting about the earning capacities of their respective fathers. Said the doctor's son, "My pa operated on a movie producer last month and sent him a bill for a cool five thousand." The lawyer's son spoke up, "Shucks, what's that? My old man was the mouthpiece for a big racketeer a week ago and got a fee of ten grand for one day's work--all paid in crisp new thousand dollar bills." The minister's son said quietly, "On Sunday, my father preached a sermon in church, and it took eight men to bring in the money."

Renoir, the great French painter, is especially famous for the natural, delicate flesh tints of his nudes. Asked once how he achieved such remarkable effects Renoir explained "I just keep painting and painting until I feel like pinching. Then I know it's right."

The late Alexander Woolcott described Los Angeles as "seven suburbs in search of a city."

## 5 Changes Made In Teachers at West Pottsgrove

Five changes were made in the West Pottsgrove school's faculty, James T. Jones, supervising principal announced.

Ralph S. Graber will replace Donald Straubinger as English teacher and librarian. He taught previously at Lehigh University, Bethlehem, and Cedar Crest college, Allentown.

Ruth C. Rahn is the replacement for Doris Graver as home economics teacher. She was graduated from Albright college, Reading, the past June.

Mrs. Madeline Seyers will be added to the elementary school faculty, increasing the staff from seven to eight. She had taught before at the school for two years.

MRS. ANNE Wentzel will replace Robert Bryan in the high school mathematics department. A graduate of Kutztown State Teachers college, she was a teacher at Salem, N. J. High school for four years.

Jerome Merkel will take the place of Charles Hoff as physical education and driver training instructor. He taught safety education in Newark, Del., for the past two years.

Merkel is a graduate of East Stroudsburg State Teachers college. He holds a masters degree in safety education from New York university, New York city.

School will open Wednesday for a half-session and the short classroom days will be continued for the rest of the week. Monday will be the beginning of full-time classes.

## Short School Sessions Stated for First Day

A short session tomorrow will start the school year at District township schools but pupils will start right in with full-time studying the following day.

The same faculty will instruct the pupils as during the past year, Earl H. Moyer, secretary of the school board, announced.

## Half Days Set at Warwick

Half sessions on Wednesday, Thursday and Friday will begin the new school year at Warwick, Carryl E. Stauffer, supervising principal, reported.

New pupils registered the past Thursday for the new term.

The supervising principal said the same faculty will teach at the school as during the past year.

## Same Faculty at Elverson

Pupils will return to familiar surroundings and faces when school begins at Elverson tomorrow.

They will attend classes for a half-day under the same faculty as the past year. Full sessions will begin Wednesday.

Mrs. Esther K. McElroy, Joanna, will return to her post of Fifth to Eighth grade teacher tomorrow and Mrs. Myrtle W. Geiger, Elverson, will remain First to Fourth grade teacher.

Mrs. Vera B. Lumis, Chester Springs RD 1, will continue with the school as part-time music instructor.

## Auto Collision Causes Death of 5, Injury to 2

CUMBERLAND, Md., Aug. 31 (AP)—An early morning auto-collision near Cumberland today cost the lives of five persons and resulted in serious injury to two others.

The accident occurred about 5 a. m. (Pottstown time) on U. S. Route 220, about nine miles from Cumberland.

The dead are: Richard Moran, owner of the car; Timothy Gilmore, a former Maryland State trooper; Richard Michael, and two brothers, Earl and Charles Kalbaugh. Those injured were Moran's wife, Betty, and James Thompson. All members of the party were in their early 20's and lived in Westernport, Md.

## MEMBERSHIP RECORD SET

MARGATE, Eng., Aug. 31 (AP)—Air Vincent Tewson, general secretary, announced today that the Trades Union Congress had a record membership of the past year of 8,026,079—an increase of 192,154 over the 1950 total.

## Registration Mounts At Upper Pottsgrove

John R. Ferdinand, principal of Upper Pottsgrove school, reported 140 pupils are registered at the school and that he expects the figure to mount considerably when half-session classes begin Wednesday.

Half-sessions will be continued Thursday and Friday and on Monday the pupils begin full-time classes.

The faculty is unchanged from the past year, Ferdinand said.

## South Coventry Pupils To See 1 New Teacher

Pupils of South Coventry township school will find only one new face on the teaching staff when they return to classes after the end of their Summer vacation Wednesday.

Mrs. Irma Knauer, Pottstown RD 1, will take the place of Mrs. Thelma Pennybacker as Third and Fourth grade teacher.

Mrs. Knauer formerly was a substitute teacher at South Coventry schools and she taught in Chester county schools for eight years.

Pupils will attend half-sessions for the first three days of school and will begin full-time studies Monday.

## East Nantmeal Enrolment Rising; Transfer Looms

T. Strickland Guest, president of the East Nantmeal school board, reported that if enrolment continues to rise in the district in future years it will be necessary to drop the Seventh and Eighth grades and send the pupils of those two grades to out-of-town high schools.

When schools open Wednesday for the 1952-53 school year, however, the same staff of two teachers will teach the First to Fourth grades and Mrs. Marian H. Donache will teach the Fifth to Eighth grades.

## Red Paper Personnel Go to 'Reform School'

HONG KONG, Aug. 31 (AP)—The Communist party newspaper "Ta Kung Pao" in Chungking, wartime capital of China, seems to have strayed from the party line with dire results for the strays.

A dispatch from Chungking says 90 percent of the staff has been sent off to "reform school" for indoctrination, and the circulation manager was marched off to Peoples Court.

The dispatch said an office boy got the circulation manager's job and a couple of typesetters moved up to editorial positions.

## Funeral Services Held In Tragedy-Hit Family

WINNEBAGO, Neb., Aug. 30 (AP)—Funeral services were held here today for 4-year-old Charles R. Buggy Jr., whose father was lifted off a military transport at sea and flown home to his tragedy-struck family.

Air Force Tech Sgt. Charles R. Buggy arrived at Sioux City, Ia., to learn his son was dead, his daughter in a hospital with polio and his wife in need of a critical operation.

## Prompt Rescue Work Saves Lives of Miners

CAGLIARI, Sardinia, Aug. 31 (AP)—Prompt rescue work saved the lives of 1000 miners last night when a sudden fire choked the Serbaru coal mine here with smoke.

Authorities said a fire in the pump house sent heavy billows of smoke through the pits. Workers sounded the alarm and masked rescuers rushed in and led the smoke-blinded miners to safety. Ten miners were hospitalized with inflamed lungs.

The next visit of Halley's comet is expected about 1987.

## Mother Attends Son's Golden Wedding-Fete

MODENA, Italy, Aug. 31 (AP)—Mrs. Irma Bellei, 102, today attended a religious ceremony for the golden wedding of her son, Ildebrando Bellei, 77.

Ildebrando and his wife, 67, drove to the church in a 50-year-old automobile. Followed by a crowd of relatives and friends.

After the ceremony, the 45 members of the family got together for a huge open air wedding dinner.

## Oley School Has New Complete Paint Job

Tomorrow morning the pupils of the Oley school will begin the school year with a full day's classes according to Harold J. Herbein, president of the school board.

The school has undergone a complete paint job, he said, and fluorescent lighting has been installed in three elementary classrooms.

Only one faculty change was made in the elementary school: Mrs. Grace Schlegel has been assigned to teach the Third grade.

In the High school two faculty changes were made: Mrs. Thelma Erb will join the English department and George Trightell will join the mathematics department.

## Joint Schools Begin Sessions Tomorrow

Boys and girls who attend the Schwenksville, Lower Frederick and Perkiomen Joint schools will be sitting in classes tomorrow morning.

The consolidated school will hold half-session classes tomorrow and for the rest of the week. Monday will see the beginning of full sessions.

Only two changes were made in the faculty since the past year: Ann Pfeiffer, Allentown, will replace Mrs. Ethyl Diehl as Fourth grade teacher. She is a graduate of Cedar Crest college, Allentown.

Mrs. Marian Walsh, Collegeville RD, will take the place of Mrs. Mary Jane Witmer at the High school. She has been a substitute at the school for a number of years.

## Prompt Rescue Work Saves Lives of Miners

CAGLIARI, Sardinia, Aug. 31 (AP)—Prompt rescue work saved the lives of 1000 miners last night when a sudden fire choked the Serbaru coal mine here with smoke.

Authorities said a fire in the pump house sent heavy billows of smoke through the pits. Workers sounded the alarm and masked rescuers rushed in and led the smoke-blinded miners to safety. Ten miners were hospitalized with inflamed lungs.

# Pottstown's Prides

Another in the series of beautiful homes that make Pottstown warm

This new-looking home of Mr. and Mrs. O. Ross Glaes on the northwest corner of Logan and Diamond streets was built ten years ago. The bright-looking paint is nearly four years old. The house was built by Allen K. Davidheiser Jr., Pottstown contractor, for a brother-in-law, Edgar F. Minter, 232 Oak street, who in turn is a brother-in-law of Mrs. Glaes. Mr. and Mrs. Glaes have lived there seven years. The large chimney, in addition to "breaking up" the expanse of roof, is for an open fireplace. Downstairs are two bedrooms, bathroom, kitchen and 17-by-12-foot living room. Upstairs is one large room used for storage. The garage is built into the basement at the sloping rear of the house. The landscaping was done for Mr. and Mrs. Glaes by Earl Nester. Glaes is an inspector for Bethlehem Steel company. That's Mrs. Glaes tidying up the walk.

# Foremen's Club Sels Fall, Winter Schedule

The program committee of the Executives and Foremen's club of Pottstown Friday night outlined a Fall and Winter schedule.

Meeting in the YMCA the committee named Paul W. Hoffman, chairman of the committee which will operate a public address system to be installed in the "Y" by the club.

Henry K. Grim read a letter to the committee from Imre Kovacs, Chester Springs. In the letter Kovacs explained he has been pleading with the United States State department to send letters of friendship to the Russian people.

The Pottstown club contributed 50,000 letters to Europe, which are ready for delivery over the Communist nations of Europe.

# Boy Scouts to Hold Labor Day Festivities At Pennhurst School

A parade of Boy Scout Troop 61, Pennhurst, at 8:30 a. m. today will be the start of festivities in a picnic-field day celebration at Pennhurst State school.

An official flag-raising ceremony will follow the parade at 9:15 a. m.

After a series of sport and field events, the patients at the school will be served hot dogs, peanuts, watermelon, peaches, cookies, popcorn, orangeade, cantaloupe, grapes and ice cream.

For those who are not filled after the picnic lunch, there will be events featured during the many contests which will be conducted to satisfy even the most ravenous appetite.

A WATERMELON-eating contest will be a preliminary event to a pie-eating contest.

After a series of races—75-yard dash, human wheel race, three-legged race, balloon race, sack race—the boys and girls will participate in a peanut scramble and coin hunt.

Following the races and contests there will be a softball game.

# 2 Fenders Damaged In 2-Car Collision

Two fenders, a rear light and bumper were damaged in a two-car collision Friday night at the Reading concourse.

E. N. Jeneigen, Reading, told Motor Patrolman Paul I. Galloway he was backing out of a parking lot at the concourse when the second vehicle, a cab, driven by William Conway, 202 River road, South Pottstown, struck his car on the right rear fender. Jeneigen said he stopped when he saw the cab.

Conway said he was heading east on High street and made a right turn onto the concourse and saw the car backing out and "slammed on my brakes and I struck him."

Damage to the Jeneigen car included the right rear fender, light and bumper. Damage to the Conway vehicle was limited to the left front fender.

## The Schools Are Yours

POTTSTOWN'S thousands of school children, and more thousands from the Pottstown trading area, begin the march back to school this week.

The school in America began as an extension of the home. It was the purpose of its founders to keep home and school close together. That purpose has always been fully recognized.

Thomas Jefferson proposed a system of education for Virginia. Its most distinctive feature were the local units of which it was composed. He called them "wards." They were comparable to the modern school district. Jefferson modeled them after the "towns" of New England.

The public school systems of today are answerable to the citizens of the communities in which they are located. They are closely associated with other phases of local self-government.

In many countries of the world, schools are administered from the national capital or from some regional center outside the local community. The people have little to say directly about school affairs.

In the United States, however, the citizens in each of the thousands of communities control the schools.

Through their school boards, they are responsible for the kind of education which our 30 million school children receive.

The simple democratic pattern of the American district school system is its essential characteristic.

In accordance with early laws, any neighborhood wishing to establish a school could do so by levying upon itself a tax which would enable it to pay the cost of the school.

The administration of these early schools rested in the whole community. Neighbors assembled at stated times to make decisions regarding the conduct of the school. All the people had a voice.

As the school districts grew larger, committees were appointed to carry out tasks under the direction of the people in the neighborhood. Such committees looked after the building of a schoolhouse or the selection of a teacher. These committees eventually became the school boards.

Close to the life of each community, these boards are the keystone of the educational system.

While locally administered, education is considered a state function because provisions for it are made in state constitutions.

This is the result of a clause in the United States Constitution which says that powers which the Constitution does not delegate to the federal government nor prohibit its people.

The inequality of wealth in the many districts of a state led to disparity from community to community in the quality of education offered. In order to eliminate such inequalities, the states have passed laws which grant state aid to communities unable to meet minimum standards.

The states are constantly at work improving educational opportunity, reviewing and modifying their school systems through general legislation.

In this process, however, the basic responsibilities rest with the local communities and their school boards.

All of the states grant broad powers to these boards within limits of adopted state-wide standards affecting the educational program, the administration and support of the schools.

The public school is close to the home and is a center of community life.

The public school is the people's school. It is responsible only to the people's will.

More than any other American institution, the public school has been shaped directly by the tireless efforts of its citizens. It therefore behooves every Pottstown and area person to devote a great deal of time to knowing about the school system. An informed public will help keep our schools AMERICAN.

## Cooperation Essential

IN observing Labor Day, we need look no further back than the steel strike to see how labor-management cooperation is needed to promote the welfare of our country.

Chairman Fairless of U. S. Steel corporation and President Murray of the C. I. O. United Steel Workers now have embarked on a series of joint visits to steel plants to study their mutual problems, and it is this kind of voluntary cooperation which heralds better labor-management relations for the future.

Dear Sir 'n' Brother:

Well, there's a recipe here we don't recommend for the Labor Day holiday. To cure indigestion, some natives of Abyssinia drink gas o-line. It won't go good with the after-dinner cigar.

The most unpopular guy around the office is the fellow who postponed his vacation until September—and now brags about it!

And say: Many a schoolboy is now wondering why the last week of Summer vacation has to be jet propelled!

Hopla! you air the same.

## 7 Boards Hailed on Jointure

### A Good Move

To the Editor: Although I don't live in the area covered by the jointure of the seven school boards into the Upper Perkiomen Joint High School, I'd like to say I think it was an excellent step and shows credit to the board's involved.

There is no doubt that with increased knowledge of teaching methods and development of new educational facilities, every small, rural board cannot give its children the latest in schools because of the expense involved.

But when directors of a number of school boards can sit down, thrash out their problems and settle their differences so amicably that they can get together on a jointure, then they have shown other districts now children living in rural districts or in small towns can enjoy the same modern school facilities that boys and girls in urban areas enjoy.

I believe the children who are in the area affected by the Upper Perkiomen

jointure will some day be grateful to the far-sighted school board members who put aside their differences in favor of better education.

### Help Asked

To the Editor: Sixty-three-year-old Harry Knauer lost his home and everything he owned when fire swept through his little one-room shack Friday night.

But did this old man, alone in the world, ask help from charitable institutions?—NO

All he wanted was some spare lumber to build another home.

Here's a chance for all of us to show what neighbors are for. Everyone who owns a home has odd pieces of planking and boards that are just laying there not doing anyone any good.

Old man Knauer doesn't want to build a mansion—just a little three-room bun-

galow to peacefully live out the rest of his days.

So why don't we pitch in and give him the lumber he needs to live again as a decent, hardworking, independent human being?

I'm sending my load up to the Ridge Fire company on Route 23—why don't you?

They'll pass it on to him.  
Pottstown A NEIGHBOR.

### Home Is First

To the Editor: "Home Seems Good After Trip Abroad," said a Mercury headline, and how true that is!

It was interesting to note that that family that made a trip to Germany loved the scenery there, and was happy to see their family again.

But they still enjoyed coming home again, and never had any intention of doing anything else.

## INTERPRETIVE

## Red Party Congress Called By Stalin

By JOHN FISHER

FROM NOW UNTIL Oct. 5, when Stalin recalls the All-Union Party Congress after a lapse of 13 years, world speculation will delve into its meaning.

Major Communist moves always have several goals and numerous by-paths, each increasing propaganda themes and directing effort to particular channels.

Among the top aims of this forthcoming 19th Congress is a new drive—epitomized by the 1951-1955 Fifth Five-Year Plan—to strengthen the physical might of the giant Soviet Union.

Increased Russian production will require extra local sweat and the blood sweat and tears of already drained satellites.

The eyes of outside economists are riveted on promises of expanded irrigation projects, the tripling of aluminum output and the doubling of electric power—all three "hot war" potentials.

A 2000-mile web of irrigation canals will bring water to drought-afflicted areas in the Crimea, Ukraine and the section between Ural and Volga Rivers and Kazakhstan. This will result in more home-grown food for the armed services and a war-blockaded homeland.

Aluminum in record quantities is for a stepped-up jet plane program. Huge, new supplies of electric power are required to pump water into the new irrigation networks and—more important—to greatly expand atom-bomb production.

OF COURSE, a jump of 70 percent in industrial output in five brief years could be merely peaceful economic progress. But when heavy industry goes up and consumers' goods remain in relatively limited supply, the suspicion that the purpose is chiefly military defense or aggression cannot be lightly dismissed.

If Moscow intends eventually to wage war, it now is making the necessary preparations.

For months all kinds of information from Russia and its captive states reveals that the wretched people are bone-weary from over-work and hardship. Now these miserable victims are to be goaded to greater toil and fresh sacrifice in a land where the standard of living is low and life is drab, monotonous and clouded with constant fear and hopelessness.

One deception, employed by tricky bosses to spur flagging spirits, is the attempt to belittle the Marshall Plan. The commissars say in effect: "Work a little longer and harder. Then we will be strong because the Marshall Plan is a flop and our enemy neighbors are growing weaker through this American scheme."

Trud waits. "The shameless jobbery of the Americans is calling forth the growing indignation of the broadest masses of population in Western Europe. . . . The rulers of the United States have been saving their own crisis-sharpened economy of Western European states. And this was done at the cost of those states."

But the principle whip to lash weary sitters back on the toilsome road is the new "hate America" vehemence. The announcement of the scheduled Congress and the economic objectives are the explanation of the current boundless vituperation in the germ warfare lies and the Russian press and radio attacks that Americans are savages, cannibals and fiends.

IF THE RED BOSSES can convince their dupes that they are in danger from invasion and torture by Americans, the terror-stricken people will respond to fresh appeals for more work to raise higher defense barriers.

It is not too difficult to make Russians believe such hideous falsehoods. Those who have suffered under captivity by Nazi sadists and from their own brutal MVD, can believe to what depths of degradation human beings can sink. They would be prone to reason that if Nazis and Communists have done such terrible things, so might Americans.

Already they are experiencing at home or hear from other Iron Curtain lands that deportations are on again and the Red slave market is being filled to supply labor for giant projects in faraway and undesirable places.

## The Voice of Broadway

By DOROTHY KILGALLEN

### Broadway Notebook

HOTEL MAN Conrad Hilton, who hasn't been married for several seasons (Zsa Zsa Gabor was his last partner), may try again with a young Californian named Kay Riley.

Friends hear there's another page one story upcoming in the household of 90-year-old Connie Mack.

Almost \$500,000 has been added to Al Jolson's estate from Decca royalties.

Juan Peron has a new heart interest. The palace elite in Argentina expect him to marry again.

"after a suitable interval" . . . The Narcotics Bureau now believes it has the dope-peddling racket under control. Five years ago the situation was regarded as virtually hopeless.

The Mickey Rooney-Jane Kean heat-wave is ancient history.

Texas Oil Bigshots aren't the only ones who can walk into the Las Vegas gambling rooms and emerge with pockets full of winnings. Pretty Nina Foch had a gala night at El Rancho Vegas, rolling the bones at the dice table. She threw nine passes in a row, strolled out with close to \$2500 in mad money.

SINGER KITTY Williams and her Wyoming cattle baron husband, Thomas Walker, have parted. She'll seek a divorce in Reno, then return to the tune business.

Clark Gable may be irked by the romance reports from his European dates, but the MGM masterminds are ecstatic. They're launching an all-out campaign to re-establish Clark as Lover.

ARTHUR J., 41 is a miserly husband. "Dr. Crane, Arthur is so stingy," his wife said, "and he has the old fashioned idea that a husband should handle all the money in the family."

"As a result, we are constantly in debt. He has little ability as a bookkeeper. But he always earns a good salary."

"I have coaxed and pleaded and threatened and stormed, but to no avail. He still hangs on to the money. Don't you think an intelligent wife can make money go farther than the usual husband?"

As a general rule, wives are better suited to serve as treasurers of their family.

But if a girl has been coddled by indulgent parents, or if she has been permitted to charge anything she wanted on papa's accounts at the various stores, then such a girl may need some diligent training before she can make ends meet.

Even in such a case, she should at least be permitted to try to run the household on a budget. If she fails, then let the husband attempt this critical task.

But in the normal American home, where the wife has at least a fair education and has earned her own money for a few years prior to marriage, it is preferable that she act as treasurer of the family corporation.

WOMEN CAN usually get better bargains than men. That is partly because they will haggle over prices. Men try to be "big shots" so they often affect disdain about arguing over pennies.

Moreover, women are generally better informed regarding prices. For they are the chief readers of the retail advertisements in their newspaper.

Thus, they become clever in spotting the "leader" items offered by various stores at cut prices to attract trade.

So a woman will travel around among a dozen shops to pick up these individual bargains, whereas a man will usually purchase everything at the same shop.

It is not uncommon, for example for a store to offer an unusually low price on sugar or soap, as "bait" to attract trade. Then it may even raise the price on certain other articles to offset this loss.

The average customer assumes, however, that if there is such a bargain price on the sugar or soap, then the other prices must be similarly low. Women don't get caught so easily by this common trick.

Husbands who insist on holding the family purse, even to the extent of buying their wives' cosmetics and toilet articles, are often afraid of their sex vigor. That's not as far-fetched as it may seem!

Such husbands are inclined to be jealous of other men. So they try to make their wives totally dependent upon them, thus hoping to hold them in financial subjection, even if they are secretly afraid they cannot dominate the woman's affection.

NEW FIRE APPARATUS—The Philadelphia Fire company voted to purchase a new triple combination fire apparatus. The present American La France pumper will be retained for out of town fires.

FOUND DEAD—Edward Behle, 68, a veteran printer who had worked at the News plant here for years, was found dead at his home, victim of a heart attack. At the age of 14 years he had become an apprentice at the plant of the Rovertown "Democrat" of Charles B. Spatz. He also worked on the Schwenksville Item.

BIG ORDER—The Vaughan Knitting mill, High and Manlawn streets, is filling an order for 23,400 pairs of women's anklets for the Women's Army Auxiliary Corps at a price of 16.57 cents per pair. Andrew E. Vaughan Jr. said work is being started at once.

HOUSE BURNS—The old Fry Store property opposite the Lamb hotel, Trappe, was destroyed by fire with a loss of \$5000.

FARMER INJURED—William Schott, Limerick farmer who was also township supervisor, was knocked off a new bridge which was erected in the township limits. He had a shoulder blade fractured.

# Constitution Party Starts Unique Plan

PHILADELPHIA, Aug. 31 (AP) — The Constitution party, proclaiming itself as opposed to "international conspirators who have defied and defied our Constitution for more than a decade," set out today on a unique campaign to win electoral college votes for Gen. Douglas MacArthur for president and Sen. Harry F. Byrd (D Va.) for vice president.

Announcement for the party formation, its ticket and its plans was made here last night following a closed meeting. Upton Close, of Chicago, who identified himself as spokesman for the group, said 13 States were represented, a statement of principles adopted and a number of candidates endorsed.

There is no plan to seek popular votes for MacArthur and Byrd in the November elections, Close said "because this is developing rather suddenly and we haven't cemented our organization that well."

MacArthur has said he is not a candidate for the presidency.

Close said the Constitution party will seek to persuade members of the electoral college to "disregard the instructions of your party and pick a man capable of coping with the two-pronged crisis facing this country, financially and militarily."

## AUGUST ENDS—

(Continued From Page One)

More than five and one-half inches of rain fell during the month. The normal rainfall for August is 4.62 inches.

It was hotter in August than it should have been. Normal temperature for the month is 73.3. There was an excess of 27 degrees since Aug. 1 for an average of 74.2 degrees.

Highest temperature for the month was recorded on Tuesday, Aug. 5, when the mercury crawled to 88.

Lowest temperature of the month was posted on Sunday, Aug. 24, when thermometers slumped to a blanket-producing 52.

August seemed like a month in the tropics with intermittent showers and high humidity.

IT RAINED to some extent on 17 days of the month.

Only six days in the month were clear. This figure includes days when visible clouds were less than 50 percent of the time.

For three days the sky was deep blue and clear.

A tropical hurricane heading ominously north blew itself out in the Carolinas yesterday. Three persons were left dead in the wake and widespread minor damage was reported in North and South Carolina.

The 80 to 90 miles-per-hour winds eased off to 30 to 50-mile gusts. Warm and humid conditions prevailed over central portions of the nation yesterday, but a surge of cool air from the Northwest fanned the northern plains.

The country's first snowfall since this past Spring was reported at Cut Bank, Mont., which had a trace mixed with rain. But the nation's coldest spot was Big Piney, Wyo., where the mercury shimmered to 26.

After Sylvester Graham invented and introduced bread made from "unbolted flour"—known as graham bread—bakers started riots and threatened his life if he continued to manufacture the unpopular product.

Chrusch reported Miss Towers was driving east on Route 422 and slowed down to second gear when she came up behind a slow-moving dump truck.

The car driven by Clark struck the rear of the slower-moving car, damaging the entire rear and puncturing the gas tank. The front of Clark's car was smashed.

## Sicilians Give Marshall Snazzy Horse Collar Set

ROME, Aug. 31 (AP) — The snazziest horse collar ever produced in Sicily is on its way to Gen. George C. Marshall, a gift of the Sicilians for Marshall plan aid to the poverty stricken island.

The collar is hand sewn in fine saddle leather, fringed with red wool, crusted with hand embroidered and dotted with sequins. It goes with a fine, picturesque Sicilian cart the Sicilians turned out for the General about a year ago. To complete the gift, Angelo Vassallo, Palermo's master harness maker, was given the task of creating an elaborate harness. The job took a year.

# Charlotte McKee Is Bride of Mr. Henry A. Stofko

Christ Episcopal church was the scene of the wedding on Saturday of Miss Charlotte May McKee and Mr. Henry Alan Stofko before approximately 80 guests.

The bride is a daughter of Mr. and Mrs. Heckley McKee, 1122 High street. Mr. Stofko is a son of Mr. and Mrs. Stephen J. Stofko, Kentworth.

Officiating at the 2 o'clock ceremony was the Rev. George A. Lincker, rector. White gladioli and ferns decorated the altar. Traditional bridal selections were presented by Mrs. Earl Strange, organist, and Mr. Robert Marshman, vocal soloist.

A white nylon net over a satin gown was chosen by the bride. The bodice was strapless and of lace with a matching jacket to cover the shoulders and arms. The jacket featured a high stand-up collar, long pointed sleeves and a buttoned front. Her skirt was floor length and bouffant.

Miss McKee, who was given in marriage by her father, wore a fingertip length veil of nylon held in place with a lace bonnet. She carried a bouquet of white carnations centered with an orchid.

Maid of honor and only attendant for the bride was Miss Rita Palumbo, Roanoke, Va. Her gown of pink was fashioned with a satin strapless bodice, organically full skirt and an organza stole to cover her shoulders. She carried a bouquet of pink carnations.

After the bath, pat on a garden flower scented talcum. It's the final touch to make a gal feel relaxed and glamorous. You can be a bathing beauty without going to the beach.

Hydrogen peroxide is a good bleacher for light scorch stains. The action of the peroxide is quicker if a few drops of ammonia water are added just before use. Apply the solution to the stain with a medicine dropper or sponge the stain with it then sponge carefully or rinse with water.

## Winter Brings Problems To Gals With Fair Skin

By BETTY CLARKE  
(AP News Features Beauty Editor)

Winter brings with it lots of complexion problems. It is the time of the year when dry skin seems drier and oily skin oilier than usual. Cold weather, steam heat and icy winds all add up to skin problems.

Dry skin is particularly annoying because it makes us appear older. If this applies to you, add creams and lotions to your regular beauty chores.

Use a rich cream to cleanse and lubricate the skin. Apply it with upward outward strokes to your face, neck and throat. After several minutes wipe away the cream with soft cotton squares.

A soothing lotion for night will keep the skin supple while you sleep. Facial creams are good also for the dried out skin. Here's a quick effective one: Before the daily bath or shower, dab on generous amounts of a cleansing cream and leave it on while bathing. Let the hot water run for a while with the bathroom door closed. Then when the room is nice and steamy get into the tub. After the bath work up lots of rich, soapy lather and wash all traces of grime and cream.

THE CLEANSER will combat any drying effects that soap might have on your particular skin—and your complexion will seem fresh and smooth.

Cosmetics for the dry skin should be chosen with care. A creamy or smooth or lotion type of foundation base or lipstick will help clean oiliness. Almond little patches and makeup should be easier to apply.

It is best also to use cream rouge rather than the powder type in cases of skin dryness. Be sure to fluff powder on rather than rubbing it into tender dry skin. Never put new makeup over old—this will make a dry skin even drier. If skin gets flaky and dry looking, smooth on cleansing cream and then with a cotton square apply moistened grains in a rotary motion. Rinse off with cold water and dry with a heavy towel. To help tighten pores and firm skin try a liquid facial mask once a week. Here's one:

BEAT EGG white. Dip a cotton square in the liquid and apply to face thoroughly—clean skin. When solution dries your face will feel tight and stiff. Rinse mask off and pat on astringent before applying makeup.

If oiliness causes your nose to become shiny before you apply powder choose a dry type makeup base and powder carefully over it. A reserve supply of hand cotton squares should be carried in the bag for emergency powdering during the day. Whenever the nose needs de-lustering blot up the skin with the cotton squeezed out in cold water. Repowder carefully.

The John R. Millers Host At 30th Anniversary Fete

Mrs. and Mr. John R. Miller, 675 North Kern street, celebrated their 30th wedding anniversary Saturday night with a large party of friends and relatives.

Held at Guadagnos Grove, 428 East Vine street, Stowe, the picnic supper was held under a pavilion near an open fireplace. There was a five layer wedding cake on which a bride crowned with the number 30 held two linked rings. Dancing and talk went on far into the night.

The parents of seven children and five grandchildren Mr. and Mrs. Miller were hosts to guests from Pottstown, Bovertown, Birdsboro, Stowe, Pottstown, Emmaus, Lansdale, Souderton, South Pottstown, Reading and Raleigh, N. C.

# BEATRICE FAIRFAX'S

Advice to the Lovelorn

She Has Neurotic In-Law

Dear Miss Fairfax:

I have been married for two years and have spent most of the time since then taking care of my mother-in-law. We had our own home but because she stayed in bed all the time saying she was sick we moved in with her. The doctor says there is not a thing wrong with her but she still insists she is too weak and sick to do her own housework and get her own meals.

Recently my husband and I decided to go back to our home which is in the same town so I cleaned her whole house for her before leaving and thought surely she would take care of it after we were gone but in just a few days it was in terrible condition again. I just can't take care of two houses. By the time I have them both clean I am so tired I don't want to do anything and it makes me cross and irritable with my husband and the baby.

Dear S:

Why bother with a ho who doesn't care enough about you to treat you courteously at all times? If you like him enough to put up with his rudeness in public that's your own affair but I don't see how a girl can get much fun out of a relationship with a man who just makes a convenience of her whenever he happens to feel like it. I'm sure if you don't waste your time waiting around for him to feel like seeing you you can find other boy friends who will be more satisfactory.

Don't you agree?

Dear Mrs. W. G.

It sounds to me as though you had acquired a neurotic mother-in-law whose imaginary ailments will dominate your life if something is not done about the situation immediately before you get hopelessly involved.

You have not given me any information that indicated whether or not it is absolutely necessary for you to live so close to your mother-in-law and if your husband's business does not require it you might solve the problem by moving far enough away so that your mother-in-law cannot impose on you. Even though you might have to keep in long range touch with her and make some arrangement for someone nearby to keep an eye on her it would be worth it to get rid of the day to day nuisance of such an imposition.

If it is impossible for you to move away then all I can say for you to do is to take a firm stand and tell your mother-in-law that while you are willing to lend her a hand occasionally when she really needs it you have your own life to live and that you haven't sufficient time or energy to run a two households. If the man you are married to is the right kind of husband he will back you up.

Why Let a Boy Make a Convenience of You?

Dear Miss Fairfax:

I am 16 years old and very infatuated with a boy of 18. The trouble is that when we are alone I believe he really loves me.

## Fire Auxiliary Organized By Sassamansville Women

With the help of women officers from the Gilbertsville Fire company auxiliary, Sassamansville women organized an auxiliary to their own fire company Friday night in the Patriotic Sons of America hall, Sassamansville.

The newly-elected officers are: President Mrs. Esther V. Renninger, vice president Mrs. Helen Swann, recording secretary Mrs. Sara Swann, financial secretary Mrs. Louella Esbach, treasurer Mrs. Helen Lausenber.

Refreshments were in charge of Mrs. Walter Stanhardt and Mrs. Kermit Chrisman.

Further help was given by the Gilbertsville auxiliary in the form of a donation to the club's new treasury. It also helped the Sassamansville women plan their future meetings. The second meeting of the new auxiliary of the Sassamansville Fire company will be held in the POS of A hall Sept. 23 at 8 o'clock.

## West Chester Group Fighting Brings To Bring Evangelistic Man \$25 Fine Services to Area

Evangelistic services, sponsored by the West Chester zone of the Church of the Nazarene, will be conducted in the Veterans of Foreign War home, Starr street and Washington avenue, Phoenixville, for a five-night period beginning Wednesday.

Evening services start at 8 o'clock and Sunday afternoons at 2:30 o'clock.

The Rev. Don Hoffman, West Chester, is president of the West Chester zone, which comprises 12 churches.

The Rev. R. E. Zollinhofer, pastor of Royersford Church of the Nazarene, will bring the gospel messages the first week, and the Rev. Harold Parry, West Grove, will lead the singing.

THE REV. Charles Holloway, pastor of Chester church, will deliver the messages the last two weeks of the meetings. The Rev. Hoffman will have charge of the singing.

Pastors from the different churches will take part in the services. Home missionary campaigns will be held in the other eight zones of the district simultaneously with the services in Phoenixville during the month of September.

It was reported that during the past four years the church of the Nazarene has organized on an average of 20 new churches a month.

### Hospital Notes

# His Last Act

—Mercury Staff Photo

William H. Price fixed the town clock, in Transfiguration Lutheran church, Saturday as his last act as borough electrician. The retired borough employee, who quit his job on his physician's orders, is going to relax by going South. (Story on Page 1).

# BOYERTOWN SALUTES LABOR DAY

## LET US HONOR THIS DAY AMERICA'S FREE WORKERS LABORING FOR DEMOCRACY

Greater And Greater Production Is the Unique Key to America's  
Defense In Our Present Struggle Against Tyrannical Totali-  
tarianism. Foremost On Our Battle Line Are America's  
Workers, Producing More And More Of The Supplies We  
Need. Boasting More Skill And Initiative Than Any Other  
Worker In The World, America's Free Worker Continues His  
Record Pace.

## Vacationing With Mercury Readers

By THE VACATION EDITOR  
of The Mercury Staff

The Spring City varsity hockey team sends their vacation greetings from Tobyhanna, Pa.

"Having a swell time at the hockey camp in the Poconos," they say. "So far the weather has been great and everything is fine. . . the mountains are a picturesque place. . . will be home in time to start school."

They show a view of a highway bordering a stream on the way up to the Poconos.

A BIRD'S-EYE view of the boardwalk and beach in Wildwood, N. J., is shown to everybody by Mr. and Mrs. Paul Chappie and children, James, Douglas, Donald.

and Dennis, Hanover Heights, also Miss Betty Pursell, of Kenilworth.

"We sure hit a swell week at the shore," they write. "the days are very warm but the nights are cool."

FROM OCEAN GROVE, N. J. comes a message signed Laura R. Ecker, in which she says:

"Gertrude and I are spending a pleasant vacation here. . . camp meeting services are in progress. . . Billie Graham, the great evangelist is here. . . last evening 10,000 people filled the auditorium with 500 others standing."

The inside of the crowded auditorium of which they speak, is shown on their card.

GAYLE SCHOCH, 439 Chestnut street, and Grace Moyer, 610 Grant street, say "Hi Everybody" from Atlantic City, N. J.

Their message reads "We are going to start school."

"ON OUR yearly jaunt. . . found out where our gasoline originates," writes Howard R. Moser, of Robeson, from the Bradford Oil fields in Bradford, Pa.

A standard drilling rig and derrick is the scene on his card.

A BIG "hello" on the face of their postcard comes from Jo, Bud and Eileen Pfahler, of Honey Brook, who are vacationing in Atlantic City, N. J.

"Enjoying a few days here vacationing from the old farm," their card reads. "Sure is excellent weather for bathing and fishing."

## Penitentiary Official To Address Jaycees

The regular monthly dinner and business meeting of the Boyertown Junior Chamber of Commerce will be held on Wednesday night at 6:30 o'clock at the Washington Hotel, near Bechtelsville.

Guest speaker will be A. T. Rundle, assistant director of education at the Eastern State Penitentiary.

All members are asked to contact John Hawkins, phone Bally 5-3346, whether or not they will be able to attend.

William Hollenbach, president, will be in charge.

## Service Group To Meet

A meeting of the Boyertown Service Mothers, Wives and Sisters will be held tomorrow night at 8 o'clock in the new American Legion home, South Reading avenue, Boyertown. All members are urged to attend.

## Woman's Club Plans Annual Holiday Ball

A meeting of the Junior Woman's club was held recently in the Community center, 314 West Philadelphia avenue, Boyertown. Plans were formulated for the annual holiday ball to be held on December 5 at 10 p. m., in the Orioles Home, Fourth and Washington streets, Boyertown.

The committee chairmen, Mrs. H. Douglas Rose and Mrs. Carl Cleaver, conducted the meeting at which time it was also decided to conduct a bake sale on Saturday, Sept. 13, at 9 a. m., at the front of Russell H. Grim's store, East Philadelphia avenue, Boyertown.

Those attending the meeting were Mrs. Gordon Eshbach, Mrs. Russell Johns, Daisy DelGrosso, Mrs. Edward Sokolowski, Mrs. George Hertzog, Mrs. Frank Van Horn, Mrs. Charles Weller and Mrs. Paul Krause.

Recently members of the club entertained and served refreshments to the soldiers at Stewart Country Day school, Reading. All items were donated by the club members.

Those present were Helen Edinger, Patsy Schuit, Mrs. Johns, Affie Haddad, Ruth Ann Steinmuller, Jacqueline Mathews, Miss DelGrosso, Mrs. Rose, Mrs. Cleaver, Mrs. Eshbach, Mrs. William Rose, Mrs. Jesse Yoder, Mrs. Kenneth Stauffer and Mrs. Van Horn.

## Small Children Perish In Apartment Blaze

CHICAGO, Aug. 31 (AP)—Three small children perished early today in a fire in a West Side apartment building.

Three other persons suffered burns or other injuries.

The dead were Robert Logan, five, and his sisters, Sharon, four, and Mary Ann, two.

Their mother, Mrs. Geraldine Logan, 30, told police she was awakened by smoke and hurried out to turn in an alarm.

William Beard, 29, was passing the apartment house at 2800-02 West Washington boulevard, when he saw smoke and flames pouring from the Logan flat at the rear of the first floor.

He rescued Ronald Logan, twin brother of Robert, but flames blocked his attempt to go back to the apartment.

## Boyertown Man Places 2d in Tractor Driving

## LABOR DAY

The electric toaster on your breakfast table... the automobile in front of your door... the mighty defense weapons that are making us the strongest nation in the world... we owe these things to the men and women who produce them in the light of America's freedom! To them we say, Congratulations and Keep Up the Good Work!
